

My  
Footprint  
of consciousness,  
ideas and thoughts.

published  
by  
The Internet.

I write this for NO ONE.  
This the book of my thoughts,  
ideas, ... my abstraction.  
and we myself are not  
dictated by the aesthetism  
of letters & words.

Now of this is supposed  
to make sense - except to  
me.

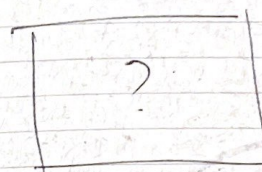

This is a publisher of  
my ideas, my inventions  
& my footprint of conscious.

This is the purest view of me. No pos.  
Just my thoughts in writing. It's def scary  
to put my thoughts out there. But, ✓  
who are we without them?

Welcome! to who I  
truly am. - an abstraction.
